

## London Health Sciences - North Tower

Location: London, ON

Client: Infrastructure Ontario

Construction Manager: EllisDon

Architect: G & G Partnership Architects

The London Health Sciences North Tower is a 10-storey, 600,000 sq. ft. building located on the north side of the Victoria Hospital campus. Completed in 2011, it is bright, modern and features state-of-the-art equipment – designed with patient comfort in mind. Each level of the north tower is designed to give all patient rooms as much natural light as possible with windows that stretch the entire width of the room and all other support areas/rooms to be in the centre of the floor, also making it easy to navigate your way around the unit.
